SUMMARY

Full Stack Java Developer with practical experience in Java, Spring Boot, React.js, REST APIs, MySQL, and MongoDB through real-world projects and internship experience. Skilled in building secure web applications using Spring Security, JWT authentication, database design, API integration, and Agile development practices.

EXPERIENCE

Interland Technology

June 2025 – Sept 2025

Software Developer Intern

Kerala, India

- Contributed to RESTful API development using Java and Spring Boot, collaborating with senior developers on feature implementation and backend enhancements.
- Assisted in designing relational databases with Spring Data JPA, MySQL/PostgreSQL, and query optimization to improve application performance.
- Applied Spring Security and JWT authentication to secure REST APIs with role-based access control under team guidance.
- Collaborated with a team of 6 developers using Git/GitHub in an Agile/Scrum environment, participating in sprint planning, code reviews, and daily stand-ups.

PROJECTS

Healthcare Appointment & Prescription System

- Tech Stack:** Java, Spring Boot, Spring Security, Spring Data JPA, React.js, MySQL, JWT, Tailwind CSS
- Built a full-stack healthcare platform with role-based access and appointment management.
- Developed RESTful APIs and JWT authentication using Spring Security.
- Integrated PDF prescriptions, email notifications, and MySQL database management.
- Built responsive UI and API integration using React.js, Tailwind CSS, and Axios.

HIVE – Real-Time Chat Application

- Tech Stack:** React.js, Vite, Tailwind CSS, Spring Boot, Spring Security, JWT, MongoDB
- Built a full-stack real-time chat application with secure OTP authentication, JWT authorization, and Spring Security.
- Implemented one-to-one messaging with replies, forwarding, typing indicators, read receipts, and message deletion.
- Built a responsive React frontend integrated with REST APIs and Spring Boot services.

Food Recipe Finder Application

- Tech Stack:** React.js, Tailwind CSS, Vite, JavaScript
- Developed a responsive recipe search application with real-time filtering using food API integration.
- Displayed recipe details including ingredients, images, and instructions with optimized performance.

EDUCATION

Biju Patnaik University of Technology (BPUT)

2024 – 2026

MCA | CGPA: 8.5/10

Utkal University

2021 – 2024

B.Sc. Chemistry | CGPA: 7.8/10

V.N. Autonomous College

2019 – 2021

Higher Secondary (+2)

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Frontend: React.js, HTML, CSS, Tailwind CSS, Vite

Backend: Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, JWT

Databases: MySQL, PostgreSQL, MongoDB, Redis

Tools: Git, GitHub, Docker, Maven, Postman

AI / GenAI: Prompt Engineering, OpenAI API
